

F1 attestation

To: U.S. Citizenship and Immigration Services (USCIS) / Department of Homeland Security

Subject: Letter of Attestation Regarding F-1 Student Attendance Requirements

To Whom It May Concern,

This letter serves as official attestation that The Ogburn School maintains attendance and academic progress policies in compliance with federal regulations governing nonimmigrant F-1 international students under the Student and Exchange Visitor Program (SEVP).

To maintain lawful F-1 nonimmigrant status, all international students enrolled at The Ogburn School are required to maintain full-time enrollment and adhere to standard daily attendance requirements. Attendance is recorded and monitored daily by administrative staff and course instructors.

Specifically, F-1 students at The Ogburn School must:

- * Maintain active daily attendance and participate in all scheduled instructional classes and coursework.
- * Complete all assigned academic work in accordance with the established full-time course of study.
- * Promptly report any unavoidable absences to the Designated School Official (DSO) with appropriate documentation.

Failure to meet these attendance and full-time study requirements without prior authorization from the DSO constitutes a violation of institutional policy and SEVP regulations, which may result in the termination of the student's Form I-20 and F-1 status.

Should you require any further verification or additional information regarding our enrollment and attendance monitoring policies, please do not hesitate to contact the Designated School Official at 904-491-6233 or info@ogburn.org.

Sincerely,

DocuSigned by:
